

Confidential Internal Report - Due Diligence Findings

Entity: CryptoMoonX

Registered: Offshore jurisdiction (Seychelles)

Founder: Anonymous (alias SatoshiKing)

WARNING: HIGH-RISK ENTITY

This report summarizes findings from an internal investigation into CryptoMoonX, a cryptocurrency investment platform promising 5-10% monthly returns.

RED FLAGS IDENTIFIED

1. UNREALISTIC RETURNS

- Promises 5-10% monthly returns with no clear revenue model.
- No verifiable trading activity or asset backing.

2. LACK OF REGULATION

- No financial license in any jurisdiction. Registered in Seychelles as a shell company with nominee directors.

3. PONZI SCHEME INDICATORS

- New investor funds are used to pay returns to earlier investors.
- Withdrawal requests are routinely delayed or denied.

4. ANONYMOUS FOUNDER

- The founder operates under a pseudonym. No verifiable identity or background information available.

5. NEGATIVE COMMUNITY FEEDBACK

- Multiple complaints on forums about frozen withdrawals and lost funds. Several ongoing investigations by financial authorities.

6. JURISDICTION RISK

- Operates from a jurisdiction with minimal financial oversight and no investor protection mechanisms.

CONCLUSION

CRITICAL RISK. This entity exhibits all classic signs of a Ponzi/pyramid scheme. Recommend immediate avoidance and reporting to authorities.
